

<b>Grade</b>	FL7200
<b>Product</b>	HDPE

### General Information

#### Key Features

- FL7200 is a bimodal high density polyethylene copolymer which has a broad molecular weight distribution.
- The design of the product gives an unique characteristic of easy extrusion and high melt strength with excellent physical properties which makes it suitable for use in very thin film with excellent strength and rigidity.

#### Applications

- Thin film for bag on roll, grocery sack, shopping bag
